

“Then fear came upon all, and they glorified God, saying, ‘A great prophet has risen up among us’; and ‘God has visited His people’”

Luke 7:16

**How will these people
later react to that day's
events?**

1. A group will doubt what happened, trying to understand it in scientific terms or underestimate the miracle.

**2. Another group will follow the
Lord for a while wishing to see
another sign.
The cross is the stumbling
block for them.**

3. Some will believe, but after a while they will lose focus and get tired.

Their stumbling block is the required patience and perseverance.

4. Another group will handle the matter on the level of just communicating the news.

5. But another group will believe; their belief about the Resurrection will change their lives; their trust in the Lord will shield them against all doubts and they will go and begin a new life.
